floors of house 3110, in which the fire law would be enacted which would compel the issue of a permit to a man or woman before he or she could pur chase a revolver in the District. The permit, he said, should be issued by the chief of police or some other perthe chief of police or some other person in authority. He pointed out that there already is a law against the carrying of concealed weapons in the District and declared that a law requiring the issue of permits for the purchase of weapons would be of great benefit. He said that such a law should inflict penalties upon both the purchaser and the seller of weapons for which no permit of sale had been issued.

"I would gladly vote for such a bill,"

while some of the firemen directed their efforts at extinguishing the blaze, others assisted in the work of rescue at the two houses. Policeman Brauning took several children from one of the homes. "Shooting irons," as revolvers and pistols are commonly called, especially by persons who have police records, the homes.

Mrs. Mary Catlett occupied the upper floor of 3110 and rented the first floor some of the store windows as the and basement to Mrs. Gibson. The adjoining house was occupied by Julia M. Scott. Lieut Bassford and Private "Great Christmas present for a windows as the

"Great Christmas present for Kling of No. 6 truck company entered 3110 while the fire was raging. They were told that Katle Toler was unac-counted for, and her uplifted hand in youngster!" was the sarcastic remark a cripple who defeated me. I am in a of a policeman who had seen many of the weapons, some new and some second-hand, displayed in store windows. "And to think that such sights are witnessed by irresponsible men and It was thought she was still alive It was thought she was still alive boys," the policeman added. "It frewhen she was taken from the house, quently happens that such goods on and she was hurried to Garfield Hos-

and she was hurried to Garfield Hospital. Dr. Ashton of the institution pronounced life extinct, following an examination. Her body was taken to the morgue.

Fire Marshal Nicholson examined the damaged structures and made an effort to determine the origin of the fire, but was unable to learn how it started. He was told that no fire was left in the stove in the basement when occupants of that part of the house retired about 1:30 o'clock. The damage to the two houses was placed at about \$1,500.

display suggest a desire to own a deadly weapon. Discussing the question of purchase and ownership of weapons, a member of the police force told a Star reporter he thought no trouble should be experienced in getting prompt legislation to restrict the traffic. "Certainly no member of Congress will offer objection to the passage of a restrictive measure," he said, "and prompt action will make it practically impossible for pistols and revolvers to be purchased and distributed as Christmas presents."

Representative Park Would Amend Federal truck company were called to the plant

**Constitutional Rights** well defined anti-pistol-toting policy is well defined anti-pistol-toting policy is of barley and 49,326 tons of wheat. ## DISTRICT HAS HOPES IN PUBLIC BUILDINGS BILL

Question of Measure May Be Left to House Democratic Caucus

buildings bill will be made a part of the legislative program for the coming session of Congress may be left to a caucus of the democrate of the House to decide. Such a bill would contain one item of great importance to the District of Columbia, and possibly three.

Owing to the warning to Congress from the administration that there must be an actual showing of decreased appropriations, representatives now in the city have little hope of the legislative program for the company's attorneys, was participated in by several advision superintendents and general employees.

M. R. Campbell, Geologist of the United States Geological Survey, delivered an illustrated address upon the beauties and natural resources of the Glacier National Park.

Other features of the meeting were a vocal duet by William L. Clarke, assistant secretary, and A. W. Jett of the claims department, a vocal solo by Mr. Jett, violin solo by Herbert Jackson of the engineer of way department, actompanied on the plane by Norman

getting through an omnibus building bill containing many widely scattered

One of the most important of the building needs of the government establishment in the District of Columbia is a new home for the Department of Justice; another is a new patent office, and the crying need for a new armory for the National Guard of the District of Columbia is well known on every side eral people I've known fer thirty

Chance in Omnibus Measure.

BEATS GRAYSON AT GOLF It was said today by an authority on ublic building bills that if there should e an omnibus measure of any sort reported to Congress by the authority of the democratic caucus these three projects have an excellent chance of being included in the order named.

being included in the order named.

The public buildings and grounds committee of the House has already reported favorably the bill for the erection of a three-million-dollar marble home for the Department of Justice. This bill is on the calendar in a humble position. Chairman Clark of the committee has introduced a resolution to make the bill a privileged matter, to be taken un immediately, and strong committee has introduced a resolution to make the bill a privileged matter, to be taken up immediately, and strong influence from the administration was President le t his razor, an old-fashion d one, slip and cut the fourth finger of his

influence from the administration was brought to bear on the committee to make a favorable report. However, it still lingers in the committee.

There is plenty of testimony before the House committee on public buildings and grounds as to the need for a new patent office and for a new armory. The bills to provide for these structures are measures calling for \$5,000,000 for the patent office and \$1,750,000 for the new armory.

NOT GUILTY OF MURDER.
